Article published on December 19th 2011 | Marketing

This is a business solutions company with an incorporated business process outsourcing and business process management functions. The company truly believes in following the footsteps of the great philosopher, Marcus Aurelius after whom it is named. It believes in providing end to end services to its elite clients who have been with the company ever since the budding stage of its line of business. The company completely justifies its tagline that says â€œenabling business worldwideâ€•, as it provides business enablement for its customers and value creation even in low productivity areas.

The company runs with a mission as well as a vision of assuring appropriate and intuitive solutions to its clients through wide ranging research strategies and proper planning. The company determines to accurate its services efficiently. The company is involved in availing multi services and has been productively getting hold of growth in all the fields in its way long.

This business solutions company is capable of providing its services in India, US, UK and Singapore. This company is planning to widen its wings of reach to serve globally. A taste of entire satisfaction and motivating approach lingers in the workings of this company. It has all the qualities to grab the attention of clients and to win their faith. Therefore it maintains a long term relationship with its clients and customers with an understanding of the value of bonding.

The company works on six business lines namely Business Process Outsourcing Services, Content Writing Services, Data and Back office support Services, Enhanced Business Communications, Search Engine Optimization Services, Sales and Marketing services & many more services. Along with these six core processes, the company is highly efficient and competent with the Services in Finance and Accounting, Human Capital Management, Payroll Processing and Recruitment. The company has employed eligible, well fitted professionals with a high level of experience, who have been provided with specialized systems and a customized working environment leading to better results for the clients. There is a strong management team within the organisation as a source of constant encouragement for the employers. Correspondingly all the Aureliansâ€™ are intent to excel hard work and maintain a class in quantity and quality as per the clientsâ€™ requirements.

As mentioned earlier, this organisation caters to six main lines of businesses and provides timely, optimum and superlative solutions to its customers with a sensibility of delivering the best. Content services are one of the earliest processes that the company had. The company provides best in class and unparalleled writing solutions on the internet to its esteemed clients. The content team comprise of well trained and qualified experts who carry valuable industry knowledge and are dedicated to their allotted tasks.

The content written by these capable practitioners goes through levels of quality checks and editing before it is sent to the clients for reference. The company deals in copywriting, research writing, web content writing, travel writing, translations and other writings and that too at an affordable cost. The company has content projects of a barrage of different industries including travel, fashion, tourism, hospitality, IT, SEM writing, insurance, online marketing, media, advertising to name a few and will be soon writing for the other industries as well because with a calibre team and with the backing of the management and the superb working environment, nothing is impossible.
