High Quality Panoramic Canvas Prints from Print My Canvas by Hansel

Article published on January 12th 2012 | Marketing

Print My Canvas introduces their range of panoramic canvas prints. Launched in 2011, Print My Canvas is based in Brisbane, Australia, and is keen to bring back the art of canvas printing. Ex-employees of a big printing company, the founders of Print My Canvas were inspired to start creating canvas prints of a high quality that they were proud to call their own. Hand-made and stretched, using the finest in canvas, wood and â€“ most importantly â€“ experienced hands, Print My Canvas are dedicating to producing a canvas print of the highest quality, and guarantee your satisfaction with the final product.

With an artistic flair, you can easily upload your photo and apply special effects to your print, including Colour Replacement, Add Text (adding a special message to your frame), Comic Effect (turn your image into a comic picture), Pencil Sketch, Oil Painting (your own watercolour masterpiece), and professional Black & White and Sepia options. These are not just Photoshop filters either â€“ we go through each image and professionally adjust layers to produce the best end result.

We offer the following panoramic canvas print sizes: 20" x 10", 30" x 12", 40" x 14", 60" x 16", and a massive 84" x 24. Starting from $109, there is a size to suit any space in anyoneâ€™s home. Thereâ€™s definitely a certain kind of image required for panorama pictures, and we can certainly help you in this regard: whether itâ€™s advice about the alignment of your images or professional image retouching with our Photo Flairâ„¢ service, simply just ask and Print My Canvas can help.

Unlike other canvas printing companies, we donâ€™t add a big surcharge to our panoramic canvas prints. Some of our competitors add a lot more for wider prints but we are proud to keep our prices in line with the rest of our product range. These type of prints will invigorate your home with stunning rich colour and texture.

To place an order, simply visit the Print My Canvas home page and click â€˜Upload & Orderâ€™, and you will see one of the best parts of Print My Canvas â€“ our fantastic online ordering system. You begin by uploading your photo and from there you can choose your product type, size, artistic special effect, image retouching services needed and wrapping type. What is wrapping type? It is the kind of printing style that will be â€˜stretchedâ€™ over the wooden frame of your can print. You can either get it mirrored, bled or choose a solid colour â€“ a simple black border looks great on the right image.

We offer free shipping Australia-wide on your order! No longer will you have to pay 10-15% extra on your printing order â€“ you shipping costs are included in the price you pay. No matter where you are in Australia, the canvas print will delivered to your door, free of charge. Try and find another canvas printer using top quality materials like Canson canvas that offers shipping to your door within 5 business days â€“ completely free!
