Upload a Business Promotional Video to Dingwuddles Today and Be Visible to Targeted Customers by Dingwuddles

Article published on May 17th 2012 | Marketing

With internet becoming a new market place for business, most business owners prefer to sell products online. The reason behind is that nowadays customers mostly prefer buying through internet. Moreover itâ€™s quite easy for business owners to sell things and earn money online. Those who want to earn money through internet; you should know that there are three things in order to get started â€“ good product, product creation tool and merchant platform.

One can sell a number of things on the web starting from old shoes to real estate. Those who are new to selling products online they should know that starting with small hawking item is easier. If you run a small retails store, you can start promoting them online. Otherwise it will be a good idea to start with small items that you have in your home. This includes handmade items, collectibles, clothes and books. Even you can create an ebook and sell it as a product and if the information provided is useful you will get a number of sales.

Uploading promotional videos is one of the latest trends for selling products online. You will come across interactive and easy-toâ€“use websites where you can register for uploading your videos. One of them is Dingwuddles where you can upload a promotional video and make it visible to your customers 24 hours a day. It does not help you in getting free traffic but also in earning money.

How Will You Use Your Videos?

Videos can be used in a number of ways by internet marketers. Let us talk about a few of them. Salesletter is the first type of video one can create. Salesletters are usually written out and then posted on websites. Through a video salesletter you or anyone hired by you can explain about the product and purposes served by it. If you are able to convince people that your product will serve their purpose, your product will be sold. Another kind of video that can be created is question and answer video. Suppose your product can field a number of questions then this kind of video shall be used for answering the questions for all the potential customers. Once their question is answered, customers will finally turn up who will want to buy products online.

For uploading a video, you just need a camcorder and microphone. Nowadays those who have iPhones can even use them for making a video. What you need to do is just make a video promoting your product and upload them on Dingwuddles and see the growth of your business. The videos uploaded on this site get noticed within a span of 24 hours and helps you in earning a huge number of potential customers. You can even change your promotional videos whenever you want to as per your needs. Videos comprising of 5 minutes footage can be uploaded for free.
