Aware Bear Computers Introduces iPhone 4S Service and Repair Scheme by John Henry

Article published on July 19th 2012 | Mobile Phones

A leading mobile phone repair service provider, Aware Bear Computer has announced its offers for iPhone 4S repair in New York. The service provider is well known as giant company in the market where it has been a perfect competitor for others. The person who holds iPhone 4S in Greater Rochester region, would have his/her iPhone 4S serviced and repaired very beautifully.

The service provider has come out with pocket-friendly prices when it gets into your iPhone 4S. You would find differences in the price chart when you come to repair your handset. Where the service provider cost you 70 USD for replacing iPhone 4S digitizer, at the same time, it will ask you to pay USD 71 for battery replacement including parts and labor charge. On the other side, Aware Bear Computer has also offered lower prices for headphone jack repairing. It diagnoses the handset to find the reason and if it feels to replace headphone jack, it replaces it at the simple cost of USD 89 only.

Most importantly, the service provider Aware Bear Computer guarantees for what it repairs and you can enjoy one year of warranty period guaranteed from iPhone 4S Vodafone @ http://www.iphone4scontractdeals.co.uk/iphone-4s-vodafone.html . Apple has secured very safe position in the global market with the help of its one and only handset series iPhone-series. When iPhone 4S was brought into market, all were amazed because the people were waiting for iPhone 5 that was to be come next year when iPhone 4 was introduced. Market experts were very pessimistic for its sales graph in the market where the people were waiting for iPhone 5. But the people again surprised watching the handset at the top.

In terms of the features, the handset has been loaded with some new applications and features, but the handset has attracted the people with the help of its upgraded operating system iOS 5 which is upgradable up to iOS 5.1. But again you are provided with the same memory space. The handset features high-end rear camera measuring 8MP and 3264x2448 pixels and it has played very important role in the market. Apple and other prime network service providers have come out with their lucrative iPhone 4S offers in the market where you would find all the mobile phone deals with the iPhone 4S.
