Be a Champ with new Samsung Champ 2 by Paul Smith

Article published on May 25th 2012 | Mobile Phones

There is no doubt to the fact that, these days mobiles have become one of the most important part of our life, in fact it would not be wrong to say that they have became an in separable part of our life that's the very reason that today each one of us irrespective of our class (be it a higher class or a lower class) and our age (be it a child studying is school or a businessman) look's for a mobile phone which can fulfill all our requirements.

In an environment where there is such a high competition in respect of delivering latest technologies and features Samsung is one company who has always proved itself to be the best. And teats the very reason that we are here today so that we can discuss the various features which are provided by one of the most adorable product from the house of Samsung which is known as Samsung champ 2.

To start with, it will not be wrong to say that this new mobile phone from the company is a product which would be mostly like by the youth of our country, as the features and the looks these are bringing with themselves are as per there likes and dislikes only, therefore we can say that this is a product which has been designed and developed keeping them in mind.

Dual SIM support system which is providing 2G GSM network, a 2.4 inches of TFT Touch Wiz Lite screen which is coming with a resolution of 240 x 320 and 256 k colors can be described as few of the main features this new Samsung mobile phone is coming with. But donâ€™t worry as these are not all, there are many more which we have to talk about. For example this mobile phone comes with a 1000 mAh battery which provides it a maximum backup of up to 760 hours.

wireless stereo FM radio with 3.5 mm audio jack, 2.0 mega pixels camera which comes with the features like digital zoom and provides a 1600 x 1200 Pixels of image resolutions, preloaded with the various social networking applications, ChatON feature accompanied with the various messaging server like G-talk, MSN and Yahoo, 3d sound effects and much more are few of the features which will hold you eyes on this new Samsung mobile phone.

After looking at the above list of features one thing can be said for sure, that this new mobile phone from a well reputed company like Samsung is a dream come true for all the teenagers out.

But still if are looking form more details related to Samsung champ 2 you can take help of various online shopping websites which are available in India as they will not only help you in getting the best details related to the product but will also help you in getting the same in much lesser price.
