Blackberry Curve 9350 – tempting inside and outside [Wenddymadden](#)

Article published on January 25th 2012 | [Mobile Phones](#)

BlackBerry™s Curve range comes with the most attractive mobile handsets that have been given a very attractive look and comes packed with the latest features and function. The BlackBerry Curve 9350 works on CDMA network and has a slim and attractive body to attract buyers. One of the best features in the mobile is the 800 MHz processor that ensures faster processing and provides great new app collection. It is popular due to its texting, emailing and browsing facilities that are fast and responsive. The mobile built – up is solid and comes with a light weight design.

The screen is a 2.44 inch, which is a bit smaller for the mobile but has a nice keypad that has been built very well to make typing easy and fast. The spacing among the keys is great and there is no mistake when you text long messages. It is built with a resolution of 480 x 360 pixels and is a bar designed phone that weighs only 99 grams and measures 60 x 11 x 109 mm and is a compact phone that can be slipped easily into the pocket. The standard battery used is Li-ion and is a 100 mHa that give a talk time of 5.5 hours and a standby time of 14.5 days. The mobile phone has messaging formats like the MMS, SMS, Email, Push email and IM.

The BlackBerry mobile price in India is in fact good and provides many features and a great body. If you love to socialize and are often happy to update your status then the BlackBerry Curve provides you with Twitter, Facebook and plenty of social networking sites and is compatible with 2G and 3G networks. The internal storage space is built with 512 MB RAM and can be extended with 32 GB via the micro SD card. The 5 MP camera is another great reason to buy the Curve 9350. It generates great photo quality and has special features built – in like the image stabilization, so that you can click even when you are moving, and the face detection, scene modes and the Geo-tagging for great appeal.

The connecting features are the Wi-Fi, USB connector, WLAN, WAP, Bluetooth and many more. The battery provided is a Li-ion 1000 mAh and gives a talk time of 5.5 hours and a standby time of 14.5 days.

The BlackBerry Curve 9350 price is Rs. 25,000 approximately.
