Blackberry Torch 9860 â€“ reliable mobile By Paul Smith

Article published on May 30th 2012 | Mobile Phones

The new BlackBerry Torch 9860 has been introduced just recently and has two plus points to its credit. One, it comes with the BlackBerry 7 OS as it was introduced in this mobile first and secondly the full touch screen. It has become very popular due to its rich multimedia format support and the Zippier user interface. The 9860 is a real boom for BlackBerry lovers who love the smooth and hassle free experience. The most attractive feature is the multimedia that is definitely going to win some brownie points for the music and the video. The BlackBerry mobile price is set within the reach of the common man who would love to experience the advanced features.

The design is cool and has svelte looks. The optical trackpad glows in the dark so that you can see it. The body is good and has a well built that is going to last for a long time. The screen is 3.7 inches TFT capacitive touch screen and displays 16 million colors. The resolutions are 480 x 800 pixels and displays clear and bright images. The form factor is bar and the dimensions are 120 x 62 x 11.5 mm and the weight is only 135 grams.

The other features in the display are the optical trackpad, multi touch input method, BlackBerry navigation keys and the magnetometer. The sensors provided are the accelerometer sensor for the UI auto rotate, proximity sensor for auto turn off and the digital compass. The mobile is quite compact and is easy to handle while texting messages or browsing the web. One can experience amazing speed with its Qualcomm 8655 snapdragon 1.2GHz processor and the BlackBerry OS 7 operating system. The BlackBerry Torch 9860 price may vary in different stores.

The camera is the show stopper and can earn several points for its amazing picture quality. It comes with 5 mega pixels and has various features like the auto focus, 4 x digital zoom, continuous auto focus, race detection, image stabilization, geo tagging and the zero shutter lag. The battery provided is Li-ion with the capacity of 1230 mAH and has a standby time of 13.9 days on 2G and 13.5 days on 3G. The talk time provided is 4.7 hours on 2G and 6.8 hours on 3G. You also get the unlimited phone book memories, missed calls, dialed calls and received calls.

The BlackBerry torch 9860 price in India is Rs. 20,835 approximately.
