Motorola Quench XT5 â€“ live with the best By Paul Smith

Article published on June 15th 2012 | Mobile Phones

Your quest for the right phone ends with the Motorola Quench XT5 that has got all the great features packed in a small compact body and gives a great feeling while you hold it in the hand to operate. The mobile runs on Android OS v2.1 Ã©clair and comes with Qualcomm MSM 7227 600 MHz processor. It provides faster and quicker browsing that can help you connect and search better with its powerful performance. The Quench has been launched in 2010 and has been on the top charts for more than a year.

The display screen is 3.2 inches with TFT capacitive touch screen and displays 256 k colors and has a resolution of 320 x 480 pixels. The display features are the MOTOBLUR UI with live widgets and the trackball which works well and is quite easy to navigate with it. The other features like the sensors comes with accelerometer for the UI auto rotate, proximity sensor for auto turn off and the digital compass. This slim beauty is a touch tablet that is light weight and can be easily slipped in the pocket. The dimension is 114.9 x 56.8 x 12.6 mm and the weight is only 114 grams. It comes with capacitive touch screen and displays bright and vivid images.

The Motorola mobile price is competitive and suits your pocket. The camera is a fine feature that can help you capture your best memories that you can store in the 100 MB of storage and 512 MB ROM and 256 MB RAM. The external memory provided is 32 GB and can be expanded via the micro SD card. The mega pixels found in the camera are 5 MP and come with LED flash and the fixed focus. The camera resolutions are 2592 x 1944 pixels and are equipped with 3x digital zoom. It comes with video, video recording with 320 x 480 at 15fps and the video player with video formats support of MP4, H.264, and H.263 DivX. If you are a music freak then you would love the music quality in the Quench. You get access to stereo FM radio with RDS and support music formats like the MP3, WMA, WAV, eAAC and is packed with 3.5 mm audio jack.

The battery provided is Li-ion 1270 mAH and has a standby by time of 23.3 days on 2G and 22.7 days on 3G. The talk time provided is 8.2 hours on 2G and 6.4 hours on 3G.

Motorola Quench XT5 price is Rs. 9,825 approximately.
