Nokia: the Most Popular Mobile Phone by [Sushant-tech](#)

Article published on April 20th 2012 | [Mobile Phones](#)

In this age of advanced communication, mobile phones have become mandatory for everyone. When it comes to mobile phones, Nokia deserves a special place in the market as well as in the minds of the consumers. Nokia phones are prominent in the market for their classic designs and multi-media based applications and tools. Nokia phones are also more popular because of their user-friendly attributes. Besides, Nokia phones are highly demanded in the market due to their powerful battery backup. Nokia users do not need to carry their chargers with them all time. Nokia is also instrumental in providing excellent network facilities at any place and time. One of the prime features of Nokia device is that these phones enable communication in a hassle-free manner. The present day Nokia gadgets are outfitted with all the latest features such as 3G, multi-touch, high MP camera, Wi-Fi, radio and GPRS.

A latest mobile phone from Nokia is the Nokia Lumia 610 NFC. Being a slim and stylish handset, these phones are known for their features like Document viewer, Video/photo editor and Voice memo/dial. Powered by an OS of Microsoft Windows Phone 7.5 Mango, these phones are packed with 5 MP, 2592×1944 pixels, autofocus and LED flash. Another latest phone unveiled by Nokia is the Nokia Asha 302. Asha 302 phones are packed with QWERTY keypad and are available in various colors like Plum Red, Mid Blue, White, Dark Grey and Golden Light. Moreover, standard messaging options like SMS, MMS, Email, Push Email and IM are also present on these Nokia Asha phones. These phones provide you a talk-time up to 9 h (2G) and up to 5 h 50 min (3G).

Nokia also laid special emphasis on the quality of its sound to cater to the requirements of the users, who want to enjoy music with optimum sound quality. Advanced MP3 and MP4 players are packed with these phones that allow you to enjoy music in the best possible way. In addition, high definition videos can be enjoyed on these phones with great delight. Video recording facility is also available with these phones at impressive frames per second. The best thing about Nokia phones is that these cater to the requirements of all types of consumers of the society.

Some of the Latest Nokia Mobile Phones coming in the market include Nokia 800c, Nokia 808 PureView and Nokia Lumia 900 AT&T. All these Nokia phones sport state-of-the-art technology and sophisticated tools & applications to cope up with the increasing demands of the consumers. You can also avail Nokia phones at comparatively fair prices in comparison with other brands.
