Samsung Galaxy Ace Deals - Stylish Phone at Affordable Prices by Harry Johnson

Article published on March 17th 2012 | Mobile Phones

In last few years Samsung has emerged as one of the leading smart phone manufacturer in the mobile phone arena. The company is striving hard to bring more and more Samsung phones in the market that deliver excellent services and speak of technology. To help users afford these latest creations of the mobile phone giant, Samsung Galaxy Ace deals have been introduced in the market by several leading mobile phone network providers. The deals are marketed well by all service providers and aim at benefitting the users. Samsung Galaxy Ace is a full-touch phone that comes with a capacitive 3.5 inches touch screen. The screen is crafted out of Gorilla Glass and thus is stain and scratch resistant.

The phone memory is also worth mentioning. The internal memory of the phone may just be 158 MB but externally it can be extended up to 32 GB. The handset comes from the factory with an android OS v2.2 but you can easily upgrade it to OS v2.3. The phone gets its core power from an 880 MHz ARM 11 processing unit. This unit powers the phone so that it can perform all its functions and functionalities efficiently. For a phone with such power and performance, it is a good bet to utilize one of the available Galaxy Ace best deals and buy the phone immediately.

Another enriching feature of the phone is its 5 mega pixel camera that comes with enticing features like smile and face detection, auto focus and geo tagging. These features allow the user to take quality and high resolution pictures from anywhere. The users can even shoot good pictures in the dark, thanks to the LED flash present in the phone. The phone has something for the music lovers as well. The handset supports several music formats and thus allows the users to download and listen to as many songs as they want to. This Samsung handset supports Microsoft Office applications, which means professionals can work upon and view Excel, PDF, Word and Powerpoint files on the go!

The most positive aspects of this phone are the free Samsung Galaxy Ace contract. With these deals the users can enjoy surfing numerous websites that work with plug-ins like Flash and HTML 5. The users have the power of enjoying internet in the same way as they did on their personal computers.

Galaxy Ace handset is available on contract deals with all leading network providers. Along with the contract offers, the users also get the advantage of lots of gifts and goodies. Network providers couple the gadget with free gifts like laptops, LCD TVs, gaming consoles etc. There are lucrative offers on tariff plans too. The users get the advantage of free texts, free talktime, free internet browsing and a lot more.
