Article published on February 7th 2012 | Mobile Phones

Samsung has given another great mobile by the name of Samsung Galaxy Pop i559, which is a CDMA phone and is an entry-level android phone that supports 2G and 3G network connectivity. This provides great network coverage and much faster internet speed. It comes with Android v2.2 froyo operating system and provides brilliant performance to the users. This is the perfect choice for people who love to have an Android phone within their budget. It provides various social networking integration and you also have access to edit, view and also upload stuff and be socially active from anywhere. Google services like the maps, Gmail, calendar, Picasa, YouTube, Google talk and Google service can be accessible.

The Samsung mobile comes with a great design that is sleek and compact. The rounded edges add to the elegance of the phone and come in black color. The dimensions are 110.4 x 60.6 x 12.1 mm and the weight is 105 grams only. It has a smooth finish and a good grip to hold for a long time when you are texting. It comes with plastic encase and has a solid a durable built. The screen is 3.14 inches TFT capacitive touch screen and displays 256 k colors with resolution of 240 x 320 pixels. The touch screen is highly responsive and comes with TouchWiz, Swype, text input method, proximity sensor and accelerometer.

The Samsung Galaxy has a 3.15 mega pixels camera that captures all your emotions whenever you want. It is equipped with the mini Polaroid that has 2048 x 1536 resolution pixels and the features that enhance photography are the geo-tagging that can help you with stunning images. However, there is no videocall camera. For the music lovers, the Samsung mobile provides the stereo FM with RDS and you can play your favorite songs anywhere. The sound quality is just too good and you can enjoy music all day long.

The mobile phones have excellent memory of 384 MB that is enough for storing a lot of stuff. However, it can also accept external memory up to 32 GB via the micro SD slot. It can thus provide unlimited entries for your convenience. The battery power is good and gives a good life for gaming, music and call power. It comes integrated with standard Li-ion 1200 mAh battery. The connectivity features are the Bluetooth, USB, GPRS, Wi-Fi, EDGE etc.

The Samsung Galaxy POP i559 price in India is Rs. 8,949 approximately.
