Samsung Nexus S â€“ Smart Way to Express Yourself by Jameskenrich

Article published on November 30th 2011 | Mobile Phones

The second largest mobile maker, Samsung has reported the net profit of Â£1.14 billion & revenues of Â£8.37 billion for the third quarter of 2011. Samsung Galaxy Tab series is the most successful chapter of the company that overtake the revenue of the top mobile brand â€˜Appleâ€™ with its surprising revenues & profit collection.

"Despite the difficult business environment due to the economic slowdown in developed markets, Samsung achieved a solid performance and recovered its double-digit operating profit margin in the quarter, driven by strong sales of our smartphones. In anticipation of explosive growth in the mobile market, we have been focusing on fostering growth of certain component businesses, such as Mobile DRAM, application processors, NAND and OLED panels. These industry-leading technologies, combined with our design and software capabilities, have enhanced the competitiveness of our set products", said Robert Yi, Vice President & Head of Investor relations.

Company also opened the new eighteen â€˜Samsung Smartphone CafÃ©â€™ that make you available wit exclusive collection of Samsung smartphones. Samsung Nexus S is one of the feature-packed, stylish & affordable smartphones, which is a strong competitor of LG Optimus 2X, Motorola Atrix and HTC Desire S. Having powered by Android OS, v2.3 (Gingerbread) & 1 GHz ARM Cortex-A8 processor it brings you rich experience of fast & smooth performance.

The display of the mobile has been managed by the 4.0 inches Super AMOLED capacitive touchscreen having affair with 480x800 pixels resolution counts & 16M colors. The accessorial features bring great visual including Oleophobic surface, Contour Display with curved glass screen, Multi-touch input method, Accelerometer sensor for UI auto-rotate, Touch-sensitive controls, Proximity sensor for auto turn-off and Three-axis gyro sensor.

Music department has been graced with multiple media player that gets you fun of your favourite music stuff. Though, this music player not updated with Gingerbread Android version. You can trap your happy moments & vivid shades of emotions with its 5MP camera that has features auto focus, LED flash, geo-tagging, touch focus & video recording option and offers gorgeous images.

The other functional attributes include videocalling camera, HTML browser, advanced internet connectivity options, 16GB on-board storage memory, GPS with A-GPS navigation support, smart battery life and many more.
