Samsung primo by Wenddymadden

Article published on November 25th 2011 | Mobile Phones

Generally, everyone is in search of budget phone but no less powerful than expensive one. For customers satisfaction Samsungâ€™s engineers manufactured Samsung primo which is one of the recently launched three new 3G handsets-Samsung Champ, Samsung Chat 527 and Samsung Primo.

Samsung Primo is a traditional bar look phone with 2.4-inch TFT display compatible for both Males and Females. Sleek and Stylish design phone will definitely match to your personality. Its silver black grey colour and metallic body gives it sturdy look but actually the mobile phone is lightweight as well as handy.

It has dual cameras one on rear of 5-megapixel with LED flash, auto focus and video recording feature and second the front facing VGA camera good for video chatting. Though the camera is basic, has very decent and advance control options such as Night Mode, White Balance, Timer Shot, 2x Digital Zoom, Photo effects as Grey, Negative or Sepia

This 3G-enabled handset is working on Quad-band GSM 850/900/1800/1900 M Hz operating frequency. Another good feature is its GPS technology. Samsung mobile Proprietary is the operating system here.

Be in touch with this whole world using the Wi-Fi-connectivity and the EDGE network as well. Through pre-loaded apps like Facebook and Twitter you can enjoy the company of far ones.

Its effective.Bluetooth 3.0 is very useful in faster transferring of data and pictures too with the speed of 24 M bits only if +HS has been added to it. Through USB port you can connect your phone in any external device. Speaker and headset, both the facilities makes it hands free.

This phone is made for youngsters, is good for messaging as it has a finger friendly keypad so you can send MMS as well via this one. Samsung Primo has Li-Ion 1500 mAh battery with 680 to 720 minutes of high talk time and 672 Hours of standby time which will be convenient for everyone. It consists of the 108 MB of internal memory and external memory expanded up to 32 GB via microSD card slots. It is sufficient for your work but it might be more.

This is a wonderful phone as it has FM Radio, music player, games and sweet ringtones, Polyphonic, MP3, MIDI, AMR, WAV etc. Samsung always produces models full of entertainment.
