Samsung Star II Duos C6712 â€“ a Star Performer by Jameskenrich

Article published on December 14th 2011 | Mobile Phones

The latest announcement from Samsung is the Samsung Star II Duos C6712, which is a dual SIM mobile phone and is a successor of the most popular series, the Samsung Star. Users can now have facilities to use one car for voice calling and the other for accessing the fast speed internet. The handset is very attractive and is made in black color, which looks more elegant and classy. This is a bar form deigned and comprises of a wide screen in front, which is a 3.2 inch capacitive touchscreen display that boosts of a resolution of 240 x 400 pixels of WQVGA. You will find only two buttons at the front and that is it, now mess and no clutter at the front. The dimensions are 109.5 x 56 x 12.2 mm and the weight is only 100 grams.

The Samsung Star comes with the TouchWiz 3.0 user interface and is very convenient for interacting. It is also integrated with the QuickType technology to make you typing experience easy and enjoyable and is especially a boon for those who are messaging freaks. The mobile is powered by Samsung Proprietary mobile OS and supports MS Office, 2007, PDF, TXT and also supports GSM / EDGE Quad Band 850 / 1,900 MHz. if you are a social hub, you will love the integrated social networking sites like the Facebook, Twitter etc.

The Samsung mobile price is quite apt and is set keeping in mind the features and also the budget of the common man. The entertainment features loaded in the star duos are the 3.2 mega pixel camera, music player, FM radio, video player, Bluetooth, Wi-Fi and the GPRS. The camera at the back generated excellent pictures and gives bright and clear pictures for you to cherish every moment of your precious time. The music player is great and produces excellent sound quality and you can listen to your favorite songs for any number of times while you are on the go and supports MP3/WAV/WMA/AAC + player. The video player too is amazing and comes with QVGA @ 15fps and supports H.263/H.264 / MP4 player.

The battery provided in the Star II duos is Li-ion 12 mAH and the memory is expandable with the micoSD up to 16 GB. The mobile is also provided with wireless LAN Wi-Fi 802.11 b/g/n and microUSB v2.0. The messaging facilities are the MMS, SMS, IM and email.

The Samsung Star II duos C6712 price is Rs. 9,000 approximately.
