Article published on March 22nd 2012 | Mobile Phones

Sony Ericsson mobiles are among the most desired mobile in the Indian markets. There are a number of new models that this company keeps launching every now and then. They are the ones that the company tries to improvise each time in order to come up with good stuff each time. Sony Ericsson Xperia Duo is one such phone. It has been the talk of the town since there are pictures and reviews that were released.

Though not yet released, this mobile phone is already talked about widely. The mobile would come with the 4.5 inches touch screen of 540 x 960 pixels LED screen which has the surface that is Scratch-resistant. The pictures and the videos are very much clearer because of the great resolution that this mobile and the 12 MP camera that it has. With its excellent digital camera, you can boast of your photographic skills as you can shoot cool pictures whenever and wherever you want. It has the presence of the advanced Operating system of Android 2.3 along with 800 MHz Qualcomm processor. This would do wonders to the mobile. The RAM is about 1.5 GB which itself would be good. There is also the facility for expanding the memory up to 32 GB using the micro SD card.

There are also other features like the 12 Mega Pixels camera, with a resolution of 4000 Ã— 3000 pixels, Autofocus and LED flash, Touch focus, geo-tagging, face and smile detection, image stabilization, Continuous autofocus, video light which would be the best things about the camera alone. This phone is a device that you would love to have to enjoy the best features.

Sony Ericsson Xperia Duo Price in India is expected to be announced soon. The Sony Ericsson Xperia Duo price is yet to be known. As far as the reviews are concerned, they say that it would be cheap as most of the other mobiles on the Sony Ericsson mobile price list. These are not tough things to get. Once the product is launched in the market, things would automatically fall into place with regard to the price and other essentials. These would be the good things about the mobile that one ought to know. Whatever will be its price; this is for sure that it would be in an affordable range to allow even people with a small budget to buy it.
