The BlackBerry 10 Exclusive Features, Video Editor and Screen Sharing by Andy Thomson

Article published on May 9th 2012 | Mobile Phones

There is astonishing news for the BlackBerry admirers as RIM is coming out with some exclusive features with BlackBerry10. A well known forum had disclosed the detailed of the new operating system of BlackBerry. The new blackberry has screen sharing, an inclined responsive bolt screen that gives notifications based on the movement of your handset and a video editor. The screen sharing feature in BlackBerry 10 would catch the attention of thousands of customers from all over the world. In this feature you may easily share your screen while you are on a call with that person, it is also a handy as you can communicate with the person without calling him back or it can be your crucial business representation or just a picture of any animal.

Regarding video editor there is a very little news about it but according to some rumors it is a result of an achievement of Swedish company called Jay cut. The innovative lock screen would provide you load of information without unlocking the gadget like clock and notifications. In addition to all this you would find many more things by tilting the gadget. So if you receive any text then tilt the smart phone and can see who has sent it.

The other time turning feature is the camera app under which you can shift the exact time period of the picture that was clipped, you can eradicate the people that are blinking and moreover can destroy them also.RIM is very happy about their achievement and have stated that what we say we can do also. In other words the company does not believe in empty marketing and flash campaigns.

At BlackBerry world 2012 almost every positive step is taken by the company for keeping the Blackberry 10 ahead. According to the rumors screen caps are in the upside position in the forum which is another breathtaking feature in BlackBerry 10. The screen sharing feature is really awesome in spite of calling you may share your presentations and pictures. So this can be your official call or a romantic call or family call whatever you desire you can get with this fantastic handset. All such fantastic features in BlackBerry 10 have forced people to wait for it eagerly.
