If you are not a prepaid mobile user, you must be overpaying every month on your mobile bill. Though you want to reduce the monthly bill amount every month and though you might make fewer calls compared to the preceding month, yet you are not able to achieve your objective. There is no validity with postpaid. You enjoy validity till you pay your monthly dues. This is what is negated with a prepaid mobile connection. Against a one time minimal amount, you get lifetime validity. No worries about your connection being cut off by the service provider. No worries about the huge bills! Besides, with prepaid, you enjoy low call rates in India. You can switch from one value pack to another according to your preferences. Whatever value packs get introduced irrespective of whether it is local or STD call, you get to enjoy low call rates in India always. But then, choosing the right network operator does matter. What about prepaid roaming? Well, prepaid roaming is lower compared to postpaid. Yes, you can enjoy prepaid roaming at as low as 60 paise for incoming calls.

Do you know prepaid roaming within the country is free in many countries across the world? In no time will this facility be available in India as well. The National Telecom Policy 2011 will soon get implemented. But then, network operators estimate a loss of 10 percent of the revenue generated if prepaid roaming is made free. It will take some time for consumers to wait a while before they can enjoy free nationwide prepaid roaming. It is no surprise if you come across value packs that lets you enjoy prepaid roaming for free for certain circles.

Call rates in India are no longer the same as that of yesteryears. For certain circles during certain time period, you can even enjoy call rates at 2 paise per minute. Calls should be between the same network operator. The â€˜1 paise per/secondâ€™ is already a rage in the market initiated by many a network operator. If you do not get any value packs then call rates in India may go up to Rs. 1.50 paise per minute for STD circles. Those who know the tricks and conduct enough research always gain a competitive advantage enjoying low call rates in India for both local and STD circles.

You will come across numerous value packs that let you make free phone calls against a lump sum denomination. igain-23, igain-29, igain-36, igain-41, igain-53, igain-123 â€“ these are STD plans that are popular in the market. You enjoy STD free phone calls against the denomination you choose. For example, if you go for igain-123, you enjoy 300 STD minutes. Few of the local packs worth mentioning for local free phone calls are igain-17, igain-21, igain-26, igain-33, igain-37, igain-46, igain-99, igain-22, igain-38, igain-197, and igain-198. For example, if you opt for igain-198 for Rs. 198, you enjoy 120000 seconds of local free phone calls to the same operator plus 42000 local off-net seconds.
