You have composed some unique rap beats and now you wish to sell the composition because you donâ€™t want to get the limelight with the creation and perhaps you are more interested in the money that you will get selling the rap beats. That is great and the good news is that it is very much possible to sell the rap beats easily. You just need to know a good source where you can sell them. A lot of people compose the music and they ultimately land up in wrong places and sell the score for money that is not satisfactory. This happens with new composers and other musicians who donâ€™t have idea where to sell the right thing and get the right amount. In this discussion we shall try to focus on the issue on how to sell the rap beats at the best price for the labor and energy that you gave on creating the notes.

The best to search for sources for selling your composition is the internet. Here you find more options than selling it at some offline source. Sitting at home you can find hundreds of buyers who are ready to buy your musical notes and you sell beats at the right price offered by them. It is a step by step process and you need to have little patience in selling them. It demands some amount of homework.

First you find some reliable online sources that deal in such music sale and buy. Once you have located such a store, the next thing that you need to do is compare the sources one by one. You can also make some research on the resources and read about them at forums and reviews. This will give you a better idea on the sources and about their popularity and trust. Once you shortlist few sources you go through their websites and have a look at the kind of music they buy. If possible try to have knowledge about the previous deals that they have done to get an idea of the payment and the amount that is paid for the indigenous creations.

After you have further shortlisted few sites you start negotiation with them. The source that approves your talent and pays you the right price can get your composition and you seal the deal. Read the terms and conditions of the buyer and it is sure that once you have sold the score of rap beats you cannot claim royalty on them and any other rights over them.
