Naturals 150th salon introduces world class spa ambiance to Indian customers by Justinlamber

Article published on June 25th 2012 | Others

With growing demand for high standard spa services, a number of salons have come up with their unique offerings of hair and skin care services. Naturals Unisex salon has gained special recognition in this regard and is now being considered a reputed chain in India. They offer a bouquet of services which are really unique. Customers will vouch for quality services and personalized attention offered by professionally trained beauty experts. The parlor stands apart from its competitors because of the premium ambience and services provided at affordable prices.

It has gained popularity all over India and is known for excellent range of basic and advanced services all of which are meant to offer permanent respite from any problem related to skin, hair, hand or feet. The chain has now added another feather to its cap by opening up Naturals 150th salon. The occasion is marked by the launch of Naturals Lounge by actress Bruna Abdullah. Now, customers can avail of premium salon and spa services at the Lounge located at Anna Nagar, Chennai. Being inspired by the salonâ€™s philosophy of â€˜Experience the Art of Caringâ€™, the Lounge to offer satisfactory customer services by finest skin and hair care experts. According to its founder Mrs. Veena K, the Lounge has a goal to achieve i.e. setting up a new code of relationship with its loyal customer base. The lounge promises truly professional yet warm and personalized services. This is one platform which will surely attract beauty and wellness conscious people.

This is one beauty parlor which has never compromised on its services and products. Its constant endeavor to prove itself in this field has encouraged naturals 150th salon to collaborate with high end brands like Kerastase for hair care. For skin care routine, it offers world class products like Matis Paris and Aviance. The Lounge uses make-up products of MAC and Krylon. Besides, clients can now avail of exclusive range of Wig-O-Mania products. It is a reputed UK based company which has tied up with Naturals. Thus you can avail of an array of world class hair products like hair extensions, wigs and hair pieces of varied styles and colors from the Lounge itself. The best part is that all these products are safe and can be used without fearing about any adverse effects.

Naturalsâ€™ hair spa and facial services have been considered really effective in overcoming skin or hair related problems. Those who are suffering from hair loss, dry or sensitive skin can opt for any of their specialized services. Naturals 150th salon has taken a step forward and aims to introduce world class spa experience in the city. This is the perfect destination which can not only turn you into a diva but also takes care of your overall wellness. Their services are designed exclusively to suit different skin and hair types. Besides, it offers family or bridal packages at economical rates. To know more, you can take a look at the company website. You can avail of online appointment facility. So, request an appointment by filling up the form and ready to get pampered!
