Article published on January 24th 2012 | Others

Nowâ€“a-days people greatly depend on online information for various things. Whether you want to buy a car or a house, online information gives you all the required information that will help you make the right choice. Following the same steps, there is online information for automobile industry which makes it quite convenient for the car buyers. Gone are those days when people used to visit a car show room to buy a car of their choice. Now, they can easily do this by sitting at home, as they get all the information related to cars like; reviews, expertâ€™s opinion etc., using the online auto guide. Additionally, one can also book his/her favorite car online.

Here are reviews of some of the best cars in India

Mahindra Scorpio CRDe

Mahindra usually known for its jeep has come up recently with one of the best car model, the Scorpio CRDe. Mahindra Scorpio CRDe is known to have some of the top features that include safety features as well. The interior and exterior of this Mahindra Scorpio CRDe Car, India are stylish and it has received overwhelming success for this.

Skoda Octavia Rs

Car lovers in India have been long looking for the style and comfort provided by this car. It has a great fuel efficiency, good cabin space and rides with comfort in the toughest road conditions. It has passed all the test drives and is considered to be safe, driven at its highest or the lowest speed. Moreover, its design is classic and the interiors are comfortable.

Honda City

Honda city has come up with a sturdier, longer, and wider body combined with an elegant interior and a fuel efficient engine mechanics. The interior is not only spacious but also comfotable. With this car, Honda has created new definition for a smooth driving experience. Moreover, it is fairly priced compared to the amazing feature that it owes.

Hyundai Santro

Hyundai Santro is the most popular in the auto car India family. People who want power, comfort and an excellent fuel economy can go for this car. It comes with 1.1 liter engine and has options like automatic transmission and ABS. It boosts 1086 cc power which reduces emission & maintenance cost and increases fuel efficiency. Hyundai Santro is known for its fair price and good resale value. Its looks and feel is quite contemporary and ranks in the top ten list of best cars in India.

Mercedes-Benz S Class

Mercedes-Benz S Class is a blend of luxury and comfort. It has the best interiors and has installed the latest technology in its engine. It has the smartest safety system; it is the first car to have the S-Class airbag supplemental restraint system along with the electronic stability program. With its great features and engine, Mercedes-Benz S Class is a pleasure to drive and gives an experience that you cannot feel from any other car.

These were the reviews of the best cars in the Indian auto industry. These reviews have been

written based on the test drive done by experts.
