Over the last few years, many people have shifted online for travel requirements. Online travel bookings are booming. Many thousands of online booking take place every month. Make My Trip is the market leader in online travel bookings and due to such huge volume is able to negotiate with different hotels for better rates. Since Make My Trip is able to bargain better rates, it passes benefit to customers. Hence travellers can get wide variety of value for money hotel deals from Make My Trip.

Make My Trip has tie-ups with both domestic and international hotels. You can get good deals on both of them. For searching domestic hotels, you can begin with searching and put required parameters like destination location, travel dates and number of people (adults and children). You will be shown a list of hotels along with quotes. You can also refine your search based on different criteriaâ€™s. There are lot of parameters on which you can base your search after initial results are shown. You can choose one or multiple parameters as per your requirements. You can search on price range parameter. Then there is rating parameter for example- 5 star hotel, 4 star hotel, 3 star hotel, budget hotel etc. You can also choose the vicinity i.e. refine your location. For example some people choose hotels near to airport, railway stations etc. Some tourists love hotels which are close to beach, lakes etc. You can also select hotel or hotel chain preference if you have. You can also refine more by selecting facilities available with the hotel. For example some tourists have internet wifi requirements; some prefer gym, spa, wellness and swimming pool in hotel; some require business arrangements like conference rooms etc. When you are browsing through the result, you will also see room options like deluxe room, semi deluxe room, superior room etc. You can also check particular hotel details. You can also see other touristâ€™s reviews about hotels. Some hotels also provide complimentary airport transfers. You should also check refund policy of hotels before booking in case of cancellation or delay etc.
