PROAIM DSLR Kit-10(C) Shoulder Mount + V2 Follow Focus + Matte box + 9 Cage
for dv/hdv/dslr Camera Camcorder by [Brent Crosby](#)

Article published on February 10th 2012 | [Photography](#)

PROAIMTM Kit-10(C) consists of shoulder rig, follow-focus, 9-inch cage and matte box and designed with various features to enable dslr/dv/hdv consumers to receive a variety of shots to create professional and commercial movies at a low cost. The kit offer optimum flexibility for shooting indoor and outdoor. It is portable and weighs a total of 11 pounds. It can be conveniently used as a handheld tool, on the shoulder or on tripod. The entire kit can be mounted on a tripod without any part of the kit being disturbed.

All parts of the unit are well-packed in grey foam and a carrying case and the foam is ideally cut to accommodate each of the components of the rig. The grey foam fits easily in the carrying case and is suitable for shooting outdoor. The case is durable with a strong material. It comes with shoulder straps and smaller handles.

PROAIM DSLR Kit-10(C) Shoulder Mount, V2 Follow Focus, Matte box Features
