Property in Noida: Elevating high range of success by Vishnu Swaroop

Article published on February 18th 2012 | Real Estate

Property in Noida witnessed a huge growth in past decade due to the high rate of growth in the city. Renowned companies are investing high capital in the projects worth crores. Amr infrastructure kessel i valley and Ebony greens are two of such big projects that are able to move a level upward in real estate sector for the city in near future. AMR group and SARE & SAAMAG, these are the two top leaders in real estate sector of the city. These organizations have recently launched their new projects to ensure high growth of the city.

AMR group is one of the leading frontrunners in real estate sector of Noida. They believe in providing quality with time constraints. Their latest project of amr infrastructure kessel i valley is no exception, and therefore already created a hype due to its excellent infrastructure and world class facilities.

The project is developed with a vision of WORK-LIVE-SHOP & ENJOY. Encompassing a huge area of 25 acres, the total built up area comprises of 20, 00,000 square feet. It includes all luxury and comfort features to meet with international standards. The project consists of a grand hyper mall, known as I mall. The project resembles a top level of beauty and infrastructure that people has never seen in the past.

The setup of IT infrastructure in the project is a huge example of quality and commitment towards work. Renowned companies booked their office spaces here a long time ago. This is due to the fact that Greater Noida is considered as the perfect setup area for technical companies.

Ebony Greens in Ghaziabad comprises of luxurious 2BHK/3BHK apartments of varied sizes. The project is situated at a beautiful location of NH 24 that provides great access to various areas of Delhi/NCR region. In this township, there are various amenities like schools, charming parks, ATMs, banks etc. There is facility of separate parks for children and adults within the complex. To keep updated security, the complex has been provided round the clock security and fire fighting systems.

There is uninterrupted electricity and water supply available to the residents. There is ample parking space for the residents and the township provides a party hall to organize various events. The living rooms, kitchen and bedroom comprises of vitrified tile flooring. The paintings of walls and ceilings have been done with OBD to increase the overall look of these apartments. There is a granite work in the kitchen in addition to stainless sink. Ebony Greens boasts of excellent location benefits due to its location in NH 24.

It is evident that both these projects provide world class facilitates to its residents. Buying a property here is a great opportunity.
