SJR Trillium Sarjapur Road by Investinnest

Article published on December 20th 2011 | Real Estate

SJR Group is presenting its awesome home project at Electronic City Bangalore named SJR Trillium. The development is offering 2/3 BHK plentiful apartments. The size range of these flats is 1230 sq ft to 1615 sq ft. The price of these apartments is Rs 32, 47, 200 onwards.

The project is located at a location from where beautiful landscapes and greenery can be seen, which is going to offer its residents calm and healthy living. The project also includes many unmatched amenities, such as, club houses with party hall, gymnasium, snooker, table tennis, shuttle court, childrenâ€™s play area, badminton court, swimming pool, and many more to make your life more comfortable and relaxing.

The apartments of SJR Trillium reflect luxurious lifestyle as well as give a comfortable place for family living. These also have the quality of best designing and blended in with the accompanying landscape. The colors harmonize with surrounding areas and also the windows and doors are appropriately displayed. These apartments are constructed in such a way that it fulfills all the needs of its residents. As the main key for selection of any good home is its location, so is the project developer doing for their residents providing trouble-free connectivity with the Electronic City, Whitefield, Sarjapur Road, and ITPL.

SJR developers and builders attempt for breathing and community spaces are at the present time pioneer. Right now, a number of the most well-known structures in the extremely active business zones of the regions are SJR properties. Below a decline before, the organization ongoing its attack into property growth, having erected a well fixed land bank, disjointedly from a position of clearness and progressiveness. Along the method, the organization forms energetic subsidiaries and attained other organizations to pick up the edge in mobilizing know-how and resources.

Recognizing in 1973, SJR Group chief arranged its night raid into infrastructure with airports, highways and flyovers and at the present, with international bind ups and connections, they have brought in an excellent combine of youthfulness and professionalism into inhabited and marketable building.

In this project, excellent material is used as well as design for the project is made by the group in conjunction with all the project managers, architects, suppliers, sub-contractors and all those involved in the project with a single-minded goal of delivering what is promised. This group target at providing for quality living spaces in the most happening locations of the city to give customers the satisfaction of an intelligent investment. Having charted a long and exciting road to success, the Developers have today carved out a niche for them in the real estate industry and are the trendsetter in creating world-class landmarks.

As the project has above mentioned awesome qualities which are absolute for a good home, it also encompasses simple booking procedure. The details can be explained as: Just identify your apartment.
