

Article published on May 8th 2012 | [Real Estate](#)

Home buyers will definitely research and inspect numerous properties before they settle for their dream home. In most cases you have real estate agents to help you find suitable Toronto condos for sale and advise you about its pros and cons. This is necessary, but it is also indispensable to do your homework.

Market Trends of Toronto Condos

The year 2012 has been good for Toronto condos as the sales have been rising moderately and the listings too have been growing. Buyers are now having a wide choice to select from the condo market. The TREB reported a 16% rise in sales in February of this year. The mean selling price has seen an upward trend due to competition among buyers. Although the price growth continues to be strong, the mean selling price is said to be reasonable from the point of view of mortgage lending, so much so that an average household can afford to purchase a good condo.

Advantages of Buying Toronto Condos

Toronto is becoming very popular for its condos. In fact, the options for Toronto condos are so many, that it is definitely not difficult to find a good one within your budget.

â€¢ One of the biggest benefits of buying a Toronto condo is its affordability. There are so many types available, that you get one in the locality of your choice, the features and price range that you expect.

â€¢ There has been an unprecedented growth in the number of Toronto condos for sale. You are sure to get a good price after a few years. Renting it is also a lucrative option.

â€¢ Most condos are located in the heart of the city which makes it convenient and cheap to reach your office or go shopping.

â€¢ Toronto condos have all the amenities such as a serviced gym, swimming pool, tennis court, community rooms etc.

â€¢ By buying a presale condo, you can save money when it appreciates a few years later.

â€¢ Condo living is fun as there are several families living in one building which normally forms an association that organizes get-togethers.

â€¢ It is safer to live in a condo than a townhouse as there is 24-hour security.

Buying a Condo in Toronto

If you are planning to purchase a home in Toronto, there are numerous Toronto condos for sale which your real estate agent will show you. Buying a condo home is a sound investment as the current trend projects a sure appreciation.

The process of buying becomes simpler if you have clear information about the market trends, the financial and legal aspects, inspections etc. First time buyers have some advantages, as the government has assistance programs which you should be aware of. It is also important to hire a

good real estate agent who can help you see Toronto condos for sale. The agent can also help you with the offer to purchase and negotiate a settlement.
