Stag Weekends â€“ Tips for Planning a Coastal Party by Julia Roger

Article published on April 30th 2012 | Recreation

stag parties are different from common parties and they have to be. After all, the last moments of bachelor independence should always be celebrated in special manner, very special. The moments should leave a mark that can be cherished through memories.

When it comes to male bachelor parties, adventure and sleaziness should be the basic criteria. There need to be inclusion of activities that offer loads of fun, excitement, adventure, and thrill. There should be plenty of flesh exposure from babes. There should be fountain of alcohol to enjoy the after dark hours. The fun doubles up when stag weekends are organized at outstation venues. It becomes real exciting and more fun. No family member can interrupt when venue is far from residential town. Hence, independence can be felt by a greater way.

Europe is filled with destinations that can be ideal for arranging stag weekends. Some of the notable venues include Sheffield, Nottingham, Newquay, Blackpool, Barcelona, Amsterdam, Budapest, Tallinn, Edinburgh, Ibiza, Prague, and Marbella. These are well known stag destinations. However, plenty of other places are also available all throughout Europe. The main thing to look out for while selecting stag destinations is budget affordability and the time to travel. After all, too much travelling time may spoil the entire fun. Coastal destinations are always preferred due to more options for adventurous activities. Take for example, Barcelona and Newquay. These are two of the more popular stag destinations due to beautiful coastal beaches and pleasant environment. Newquay is considered to be the surfing capital of UK. There are around seven beaches that fill up this small English seaside resort town. Ibiza is also a beautiful Spanish island that offers plenty of fun and excitement.

To know more about stag destinations and activities, it is always better to consult travel agencies. You can even collect some information form the internet.
