Summer Newquay Hen Weekendâ€“ Extremely Energetic by Julia Roger

Article published on April 30th 2012 | Recreation

Newquay used to be a fishing village during the early 20th century. Still it is a well-known fishing port, but the village status has got dissolved. Rather, Newquay has grown up to be a beautiful seaside resort town that attracts thousands of visitors every year. newquay hen weekend tours are quite common. Since itâ€™s a coastal town, extremities in climatic condition is never faced. Neither the town experiences freezing cold during winter, nor scorching heat during those summer months. The climate can be best described as Maritime with cool summers and mild winters. This sort of a climatic condition makes it ideal to enjoy alcohol any time of the year.

The town is well known for nine beautiful sandy beaches, longest of which is FISTRAL. Surfing is one of the most popular activities. However, this activity is mostly for adventure lovers. You will observe bachelors mostly taking part in surfing activities.

nightlife in newquay is very lively. Beachside cafeterias and nightclubs are popular among the teenagers. There are several pubs and restaurants available at every corner of this beautiful coastal town. Live music center is one of the additional attractions. Most of the nightclubs in Newquay hosts for live performance from renowned DJs and musicians.

The town is connected through rail, road, and air. Newquay Cornwall airport is 6 km northeast of the town. It is not an international airport. However, it is well connected nationally to several parts of England and UK.

There is not much to see in this town except for the beautiful beaches and some church. St. Michaelâ€™s Cathedral is one of the most famous churches present in this town. St. Columb Minor, a village within the northern coast of Cornwall, also features for some ancient churches.
