The Fiat Motto by [Jaces Redolph](#)

Article published on January 27th 2012 | [Recreation](#)

The Fiat Company comprises its automobile manufacturing, financial, engine manufacturing, and industrial sectors and is based in Turin in Piedmont. Giovanni Agnelli and a group of investors started the company with the aim of building stylish cars with engines that were exciting which would make everyday life comfortable. Since the inception of the company, there has been a constant reworking of its corporate culture with great emphasis on continuous overhaul of all company products. The research team is driven by visions of improved designs of its products incorporating technological advancement. There has also been an emphasis on building bonds and improved relationship with its customer base. The Newcastle Fiat dealers and Fiat dealers all over the world strive are passionate about following this motto and building constructive relationship with its customers.

Joining the Fiat Family

The Newcastle Fiat dealers aim to make car buying experience an enjoyable experience. Attempts are made to smooth over all hassles, so the experience of driving away with a Fiat car is enhanced. Generally Fiat dealers are located at convenient locations in the city with a team of dedicated staff who ensure that the customer and his car are well matched. All kinds of enticements are offered like low deposits and reduced monthly payments. The three-year manufacturer's warranty additionally ensures that the customer is confident of his choice of the car.

Advantages of Being A Fiat Owner

A person who opts for a Fiat car automatically is the recipient of a whole lot of benefits. The sales team at Fiat dealers work out individualized financial repayment solutions for each customer which are best suited to his income and lifestyle. They are also assured of assistance services with body work, roadside assistance, overhaul, and infomobility. There is an immediate response to requests for help by Fiat dealers in Newcastle and the customer is never left to fend for himself when stranded in out of the way places. There is a wide network of workshops available to the customer, so that he is assured of trouble free service for his Fiat car wherever he is.

Fiat Autonomy Program

There are mobility programs for those with motor problems like the Fiat Autonomy Program. Free help is provided to improve driving skills of modified vehicles. Doctors and experts are available to provide support with physical tests, vision tests, and driving stimulators. The staff at the Fiat dealers in Newcastle will assist with queries and provide solutions for special requirements. Fiat dealers will also assist with information on all the different accessories and models of cars.
