It's quite an investment when you buy a new outboard motor for your boat, models from Honda and the latest Tohatsu outboards can cost upwards of ten thousand pounds from suppliers of Volvo Penta parts. Pay that sort of money for Tohatsu outboards and you'll expect proven reliability from the unit, quite rightly the engines should be of the finest quality. Of course, you wouldn't be considering Tohatsu Outboards if you didn't think they were going to function with proven efficiency, that's one of their biggest selling points. People buy Tohatsu Outboards because they know they are ultra-dependable, providing proven performance whenever it's required.

Here are a few good reasons to choose Tohatsu Outboards over other engine makes.

Weight

Tohatsu outboards are extremely compact they are lightweight yet provide you with plenty of power when you're out on the water. The designers of Tohatsu Outboards have made the engines to be as powerful as possible without compromising on quality in the process. The lightweight nature of Tohatsu Outboards makes them the ideal engines to transport around.

Power

Buy Tohatsu Outboards from suppliers of Volvo Penta parts and you might wonder if they'll struggle to cope with the demand due to their compact nature. Nothing could be further from the truth. Tohatsu Outboards offer unbelievable levels of power and you'll be amazed just how much BHP is delivered from the compact but free-revving units.

Fuel-efficiency

You'd think all that power would come at a cost but Tohatsu outboards are extremely fuel-efficient and they're totally reliable just like Volvo Penta parts. By design Tohatsu Outboards are extremely frugal units and the four-stroke engines help to cut down on fuel consumption. You have plenty of power on tap when you use Tohatsu Outboards but they don't drink as much fuel as other engines do.

Value for money

Tohatsu Outboards are extremely cost-effective and when you consider how much engine you are getting for your money they make a great deal of sense. They're powerful, great on saving fuel and Tohatsu Outboards come with a five year warranty as standard so you know that if anything goes wrong with the engines (which it won't) you'll be covered for future expenditure.

There are other engines on the market but not many that represent true value for money like Tohatsu Outboards.
