Article published on February 17th 2012 | Relationship

What defines a friend?

A friend is someone who desires what is best for you, provides you with honest answers and opinions no matter what and is always there for you no matter what the situation.

Friends are the best treasures that one can have in life. They make you laugh when you feel down and they stand by you no matter what. They encourage you to embrace every aspect of life. They accept you for who you are. You can even trust them with your deepest secrets. Itâ€™s a blessing to be able to have truly great friends in your life. Medical research has even found that those who have good, trustworthy friends tend to live happier and healthier lives than those who do not have these types of friends. If you are looking to meet new friends then Friendsnthecity.com is the place for you. It is the best platform to Meet New Friends Online and form meaningful, lifelong friendships.
