Whenever a person says the happiest day, the thing that comes to your mind is the day that made you fortunate and joyful. You can say it is just like hearing about the deals of various service providers like Verizon FiOS deals. It is not that everyone doesnâ€™t have a happy moment, but some have many.

You must have heard from people about the various happy moments they must have had. For some it could have been memorable, while for others it was like a passing phrase. As far as most people are concerned, the happiest moments are those which make their life memorable. Now let us check some of the happiest moments that you must have come across or heard.

Many of us have heard people saying that the happiest moment of their life was the time they got married. There are people who must have felt on cloud nine at the time they stood at the altar. Waiting for hearing the two golden words â€˜I Doâ€™ and spending your rest of your life with the dream man or girl must have just given you a jubilant feeling. A feeling which only you could understand and realize.

Besides that even the time you proposed to the girl or fell in love with the girl you would spend your life, could be the happiest moment of your life. All of us know how our heart beats and races when we fall in love. The inexpressible feeling of seeing the girl you like and proposing her to make her the one with whom you like to spend your life is enchanting. Seriously, it could just give you a heavenly feeling.

While for some it could be the dream job which they wanted to get. There are many of us who would like to have the dream job that harness our skills and makes us famous. Not only famous, but also gives us enough money to have a settled life. A job where we donâ€™t feel pressurized and makes us feel as the king of the territory is what we want. Even for some the happiest moment is the time they started moving up the organization. We feel happy when our work and efforts are recognized and given the next higher position. Why it makes us happy is because it makes us recognized in the organization. Also it gives us a feeling of being the part of the organization.

If you are a loving mother and father, the arrival of your precious gem will be your happiest moment of your life. We all have a caring parental feeling and instinct inside us. What brings this parental feeling and instinct is the arrival of your child into the world. Not only that, we have something that will be there after we leave this world. You can say like leaving a successor or protÃ©gÃ©. Nothing can be compared to this happiness in the world.

If you are a student, naturally your graduation day would be one of the happiest moments of your life. Graduating from the college with top honors could be the most memorable thing in your life. You must have struggled, worked hard, and slogged the entire campus life to get good grades. When your results have bared the thing that you wanted, it will naturally enthrall you. You would feel that you are on the route of fulfilling your dreams. Now you are in a stage where nothing can stop you.

Everyone has memorable moments, and these happy moments make a mark in our life. This is what makes our life meaningful and gives the exuberant feeling of living life to the fullest.
