Article published on April 7th 2012 | Seo

Nowadays every professional SEO services companies are trying to create their own search engine strategy for their website or their clients. Thousands of websites optimizing every day for one to more than 100â€™s of keywords in search engine result pages to get more business through online. But, search engines are shows only 10 results come on first page of Google. Is your website ranking in top 10 Google results with any of your targeted keywords? If not yet, then there might be lots of reasons for this but here SEO Hyderabad Company is created a list of SEO activities which should be included in your SEO activities for your website optimizing.

Professional SEO Services Company is recommending you to do all these SEO activities for your website to improve your keywords ranking in search engine results.

Few steps you need to follow before starting these activities.

First create your own website with good design for your business. Then select targeted business related keywords (SEO keywords tool) for your all pages internal pages also related to your business theme. You can read about keyword optimization tips to select targeted keywords for your website. Start below mentioned activities.

Actually SEO had divided into the two SEO activities in two parts.

One is On-Page Optimization

There is not such fixed definition for On-Page optimization but in simple words we can say On-Page optimization refers to factors that have an effect on your website or web page listing in natural search results.

On-Page Activities are as follows.

Keywords Research, Meta-Tags Optimization, Image Optimization, Robots.Txt Optimization, Hyperlink Optimization, Html Sitemap Creation, Xml Sitemap Generation, RSS Feed Generation & Submission, W3C Validation, Off-Page Optimization

Off-page optimization is a set of strategies for search engine optimization that are done off the pages of a website to maximize its performance in the search engines for target keywords related to the page content.

Off-Page Activities are as follows.

Directory Submission, Article Creation, Article Submission, Social Bookmarking, PR Creation, PR Submission, Web 2.0 Articles Creation, Web 2.0 Submissions, Top Comments, Blog & Forum Comments/Posting, Blog Maintenance, Local Search Engine Submission, Yellow Pages Submission, Profile Creation/Profile Linking, Blog Roll, Link Exchange, Classified Ad Creation & Posting, Local Listing Optimization.
