Article published on December 27th 2011 | Shopping

As a parent you always want to buy high quality baby products for your baby. With globalization the baby products market has become significantly big in India. Earlier parents had very narrow choice of products for their baby. Making your baby wear disposable diapers was either considered expensive or irrelevant expenditure. With the entry of brands like Pampers, Huggies, Mammy Poke and Pigeon etc,parents not only have a large variety of diapers to choose from but also it has become more affordable. Now you can find diapers not only in cities but small baby shops in villages too.

You can choose from a extensive range of baby products like bath & skin care, toys, clothes, diapers, wipes, shoes, baby carriers, books, CDs, games and lot more. This is not all we also offer an exclusive range of products for new moms like breast feeding bottles, breast pumps, bra pads, dishes, utensils and many more. You can buy all of that at great prices on a2zbaby.com. They provide free shipping on all orders in India.

BABY DIAPERS: Diapers are very convenient for a new born as it saves the mother the pain of running to the washroom with the baby every 15 minutes. Newborn babies go through about 8-12 diapers a day. That means that as a new parent, diapers are a big part of your life. You don't need leaks slowing you down; you need reliable diapers for your baby.

BABY BATHCARE: Itâ€™s hygienic to give baby a bath every day. Bath care baby products include baby powder soap, milk lotion, top to toe, shampoos, hair oil etc.

BABY SKINCARE: Babyâ€™s skin is very sensitive at a young age. A mother should be very careful while applying anything on the baby skin. Baby products for skin include moisturizers, nappy rash creams, massage oils etc

BABY CLEANSERS AND DETERGENTS: Baby is very susceptible to infections at an early age. It is best to keep extra care while cleaning baby clothes and utensils. Use mild but efficient baby products like laundry detergent, sanitizers and sterilizers etc

BABY HEALTH AND SAFETY: When the baby grows up, the mother would require the following baby products like nail clippers, nose cleanser, ear buds, mosquito wipes, thermometer, medicine dispensers etc.

BABY GEAR: As the baby is growing, so is the need for baby gear. You will need a baby carrier to carry the baby, a playpen for sleeping well, a pram to take the baby on strolls to the park, a walker to teach him to walk and many more.

BABY APPAREL: As soon as the baby is ready to be social, you would require buying baby clothes, baby shoes, baby booties etc. There are thousands of brands and products available.

NEW MOM PRODUCT: You are a new mother and would go through tremendous change in your lifestyle. Breast pumps, breast pads, nipples, feeding bottles etc are some products you must have to make your life easy.
