Article published on June 21st 2012 | [Shopping](#)

We all know that Buxtons has been around for almost over 4 decades and they are very much proud to say that they can now be able to offer their range of forestry equipment through online. They also bring their expertise from their base in Staffordshire to possible customers all over the country. Their forestry supplies include a broad range of machinery such as the chainsaws from Stihl and Husqvarna, which are the equipments that had been used and respected by the professionals. In order to accompany this range of machinery, you will also need some good safety gear which they also supply a great deal of.

In addition, it is advisable for you to take your pick of chainsaw trousers, jackets as well as gloves and more in order to keep you safe in your work. The selection of Buxtons Stihl electric chainsaws actually covers light as well as general purpose such as the MS181 and MS290 through to specific forestry use of the Stihl MS200 and MS880 as well, wherein each of these models have their own benefits and features. Other than that, across all of the models in the range, there is no denying that the Ematic chain lubrication system improves upon the lubrication of saw chain links and guide bar rails as well.

The expansive collection of products from Buxtons is truly an amazing resource of tree surgery equipment. Aside from their impressive range of chainsaws and power tools, they also supply tools and accessories for the safeness and maintenance, including chains and replacement bars. They also supply a great range of tree surgery supplies that covers your requirements from climbing and ascending gear, attachments as well as power tools to hand tools. Their range of chainsaw trousers also include quality products from most of the popular and respected brands such as Husqvarna, Stihl as well as Oregon and SIP.

In terms for tree work, it is very much important for you to choose a gear that meets the necessary high safety standards so that you can avoid any possible problems regarding with this matter. Buxtons broad array of climbing and fall arrest tree gear actually excels in these standards, that provides you the right gear for the right task. Also, selecting forestry equipment and any other products from those trusted brands and drawing on years of experience, Buxtons is always on hand in order to give you some piece of advice and information to assist in helping you to find the right items that you want to have.
