Article published on January 28th 2012 | Shopping

Disposable electronic cigarette is the best alternative for people who are trying to quit smoking. Disposable electronic cigarettes are a revolutionary product with many benefits. These disposable electronic cigarettes stimulate a smoking experience quite similar to that of traditional cigarettes without causing any health risk. Disposable electronic cigarettes enable the smokers to ingest small quantity of nicotine, saving them from harmful carcinogens found in regular cigarettes. These electronic cigarettes does not contain tobacco so it can be smoked anywhere and even in workplace, airplanes and other places where smoking of traditional cigarettes is prohibited. Altogether, electronic cigarettes are worth the investment. These are the best cigarette alternatives for smokers.

A disposable electronic cigarette does not contain tobacco nor does it require combustion. When a disposable electronic cigarette is smoked, a flow censor is activated which releases water vapour containing propylene glycol, nicotine and scent of various flavours. There is no fear of burning of fabric or other such accidents because no fire is involved while using disposable electronic cigarettes. If you want to protect yourself from harmful tar and toxins found in the normal cigarettes these electronic cigarettes are very effective.

The Benefits of Disposable Electronic Cigarette includes:

â€¢ Contains no tar or cancerous toxins such as arsenic or carbon dioxide

â€¢ 100% legal to smoke anywhere

â€¢ No passive smoking

â€¢ No whiffs or butts

â€¢ Satisfies nicotine cravings

â€¢ Much cheaper to use compared with traditional cigarettes

â€¢ One disposable electronic cigarette

â€¢ The healthier smoking alternative

â€¢ Non flammable

â€¢ Users experience almost identical sensation to smoking a normal cigarette, without the horrible taste or smells.

There are several manufacturers who will swamp the market with low quality imitations. The same is the case with electronic cigarette. It is always advisable to buy an electronic cigarette kit from a reputed e cig company or ECITA member, as electronic cigarettes sold by them go through rigorous testing and compliance to ensure the customer receives the highest quality and safest product. You can also order an electronic cigarette online. Give yourself or a loved one the gift of an electronic cigarette to lead a healthier and safer life.
