Article published on June 21st 2012 | Shopping

We cannot deny the fact that it is really sad to know when you realize that you hang up your Crocs for summer. But there's actually no need for you to suffer this just because of the Winter months. Here at My Amazing Shoes, the alpine styled Nadia Crocs boots take the best features of your Crocs and have turned them into some fashionable and waterproof boot. The crocs nadia range is actually perfect when you are looking for a warm pair of boots during the cold winter months, and the classic Crocs footbed is made from the special patented croslite material as what you are expecting, packed with its antimicrobial properties as well as odour fighting abilities.

There is also a removable faux fur-lined footbed in order to create the ultimate in comfort and warmth when the harsh winter comes in. The other great thing when it comes in making the fuzzy footbed removable is that, it will also allows for convenient cleaning, which keeps your Nadia Crocs well looked after and then cared for. You can also roll down the uppers in order to double it as a cute ankle boot, aside from wearing them as a high boot. These Crocs have actually more of a round toe style teamed wherein it has a quarter inch heel.

The crocs professional shoe is also a perfect solution for those people who spend a lot of time on their feet. To those who are working in sectors such as the medical, catering as well as beauty, retail, sporting and more will surely appreciate the comfort and the practicality of this shoe. In addition to the legendary crocs comfort provided by the orthotic foot bed, there are also some added benefits of a specially designed moulded closed top with channels which will also allow any spillages just to simply run off the shoe. The sides of the professional crocs feature ports which could possibly keep your feet fresh and then dry at all times.

Cool colours as well as a little personalization and tons of comfort all things you can expect from Crocs, but not from work shoes. Well, the crocs specialist gives you all this and more. The new and professional styling of Crocs specialist actually results in the ultimate and comfortable shoe for the workplace, and these casual work shoes were carefully designed in order to meet the standards of a workplace. This type of shoe are based on Crocs original clog design, but with a closed heel and a closed toe design as well. In order for you to ensure all-day comfort, the arch support has been reinforced and crocs unique foot bed circulation nubs on the soles stimulate blood flow in your feet.
