When one layer goes off the next one takes place following the third layer with each one having its own fragrance. That is, a perfume is more long lasting than cologne. Although there are several colognes present in the market but there are a few that can be fairly named as the most popular colognes for men.

Some of their names include designer men cologne by Versace, Hugo boss, Armani code by Giorgio Armani, Envy by Gucci, Acqua Di Gio by Giorgio Armani, Dreamer by Versace, Dolce and Gabbana cologne, Bvlgari, Pi by Givenchy, Blue jeans by Versace, Chrome by Azzaro, Cool water by Davidoff and Eternity by theologist psychoanalyst etc. These colognes are those that you will find in most men's collections and they also top a woman's list for gifts to their dear husbands, lovers, brothers or fathers.

This spring, all women, for obvious reasons, visit various perfume selling shops to purchase her pet perfume. There are two divisions of rationally doing this work. One of the divisions is doing an exhaustive research and the other is doing research intensively. The research which is exhaustive requires going to many shops selling perfumes and taking good amount of time in the process of selection. On the other hand the research which is intensive includes visiting fewer numbers of stores and rationally opting for a fine perfume bottle. This particular method needs little time, although the previous method can make a woman experience more varieties of perfume bottles.

Stressing a bit on the intensive research to be done for purchasing perfume, the concerned lady can go through certain review materials. The perfume review guide may make her narrow her choices

and help her to buy a wonderful perfume bottle. She gets concrete ideas about the prices of the perfumes she wishes to purchase.

In addition to this, there are simple guidelines regarding the perfumes types. The sensation that she wants to feel of the perfume can be opted according to her own convenience from a list of fine products. There is lesser amount of scope of being duped by any seller of perfumes regarding its brand worth.

Conclusively it can be wisely stated that the great designer perfumes and colognes have an undeniable purpose in a woman's life. She will not be satisfied if she cannot use her favorite perfume scent. The perfume applied by a lady is a type of social and glamour behavior. It is not all a mere aesthetic component for her.
