At Fentimans we strive to be the best Solicitors in Birmingham. Since 1986 we have offered advice from a team of legal experts with varied experience across different aspects of law and legal practice to local, national, and international clients.

Any legal issue can be stressful and bring tremendous disruption to your working and personal life. Our breadth of experience and focus on customer service means that we can act as your champions, taking the strain on your legal problems. No legal issue is too big, or too small.

We pride ourselves on our professional standards and customer service, and we believe that it is the latter that sets us apart from other Solicitors in Birmingham. Our number one priority is total customer satisfaction, and the key to this is our excellent communication with our clients, which is based upon the principle of clear and concise legal advice.

Every member of our legal team understands that legal jargon can be confusing, intimidating, or simply impossible to understand. We will be your guides, keeping you informed and involved at every step of the legal process, and responding politely, professionally, and quickly to all of your queries. Generally, we will offer free initial advice, and this can be done over the phone if urgent (although we prefer to counsel you face to face). In urgent cases, we can normally arrange to see you within 24 hours, and as soon as possible otherwise.

On meeting you, weâ€™ll explore the issues of your case, offer our opinion on possible outcomes, and give you an estimate of the cost. These points will then be put in writing, in the form of a letter of advice and a Client Agreement.

Our aim is to give you clear and reliable legal advice, and to facilitate communication so that we can do the best for you, and you can get the best out of us. We work hard to sort out your legal problems quickly â€“ and at a competitive price.

Weâ€™ll give you regular updates as your case progresses. Weâ€™ll always try to return your calls in the same day, and to reply to letters within 48 hours.

Indeed, our commitment to having the highest level of customer service of any Solicitors in Birmingham means that we now find that many new clients come to us on the basis of personal recommendations and referrals from satisfied customers. Similarly, clients who have already used us are happy to stay with us and use us as their point of access for all their other legal issues.

Please telephone us on 01564 779 459 and one of our solicitors will provide some initial advice about your case and how we can help you. The initial telephone call is FREE and without obligation. Alternatively, please send us an email by completing the enquiry form and we will contact you. We can also provide a variety of leaflets and information sheets on legal issues and services.

Weâ€™re waiting for your call and weâ€™re ready to help you.
