About Delhi - a Virtual Guide at the Indian Capital by Terry Littrell

Article published on April 16th 2012 | Software

To know a city all by oneself can be an arduous task! It is not impossible but definitely requires physical labor and a lot of time to know every by lane of a city perfectly well. Moreover, in today's advanced world people are more inclined and dependent on technology. It has made every information easily accessible. Mobiles are a smart device to carry along on the go. They offer wide possibilities and great functionalities that make your daily tasks and journey hassle-free. A journey must be a memorable and refreshing experience instead of being a tiring one. And, visiting a totally unknown city for the very first time requires some before-hand information about the city, its people, transport system, famous spots, sight-seeing, lifestyle, etc.

Therefore, by having the mobile in your hand you can definitely not get lost even in an unknown city. In a large city like Delhi, the capital of India, there are chances of forgetting roadways and getting lost. To match the fast-paced lifestyle in a cosmopolitan city like Delhi, you need a guide or a resident to be with you. If you have none, worry no more. With About Delhi mobile application installed in your mobile phone you can be anywhere anytime on your own and explore the city. The application is dedicated to Delhi with every detail of the city available to you right in your hands. Know what is happening in the city and be part of must-see events in Delhi through the application. Get minute to minute city information from the below categories:

1. Weather: Get updates of the extreme weather of Delhi before you step out to explore the delightful city.

2. Metro: Using the Delhi Metro will save immense travel time. Know the routes and schedule of the Metro even on offline mode.

3. Must Visit: Provides a list of must-visit spots and landmarks of Delhi.

4. Night Life: Make the most out of your late night evenings as the city illuminates at night. Find the city's best night clubs, cafes, cinema houses, places to be, with this unique feature.

5. Hotels: Offers a list of hotels suiting your budget plans and in the locality you want.

6. Emergency: Get all the emergency numbers whether for a taxi, nearest hospital or any other emergency help.
