BlazeVideo DVD to PSP Converter v3.0 Was Released by Desiree

Article published on December 22nd 2011 | Software

July 14, 2011 BlazeVideo, Inc. released the newest version 3.0.0.0 for DVD to PSP Converter which adds DVD ripping and supports synchronizing PSP, compared to the version 2.0.3.0.

In this upgrade, using BlazeVideo DVD to PSP Coverter v 3.0, users can clip any part of DVD movie into video clips, crop DVD movie frame size, merge multiple DVD titles/chapters into one, and add watermark to make your video more special and fantastic. On the other hand, DVD detailed information can be previewed including DVD contents of title and chapter, movie name, poster, publish date, rate online and so on.

BlazeVideo DVD to PSP Converter 3.0.0.0

Except ripping DVD movie, BlazeVideo DVD to PSP Converter v 3.0 can help you remove the original DVD discâ€™s copyright protection and convert the movie into PSP MP4 video format without quality loss. In addition, users can choose the desired conversion modes such as Entire Disc, Main Movie, Customize. The mode of Entire Disc completely converts all the special features, intros, menus, and subtitles languages to your PSP without any omission. Main Movie will intelligently convert the main movie titles by removing all unnecessary intros, menus, languages and sound tracks automatically. The Customize mode allows you to personalize target movie file so that just favorite title/chapter/subtitle/audio remains and you can customize target movie file size to fit your PSP memory. Apart from multiple modes, BlazeVideo DVD to PSP Converter allows you to customize conversion parameters such as resolution(320*240, 480*320, 176*144), bitrate, frame rate(15, 18, 20, 23.97, 25, 29.97), sample rate(24000, 32000, 44100, 48000), and channel(stereo, mono). Using the version 3.0.0.0 you can flexiblely copy DVD folder onto hard disk, burn to DVD disc, and convert to PSP .mp4 video format. BlazeVideo offers free update for its minor version and free technical support and itâ€™s perfectly compatible with Microsoft Windows 98SE/ME, Windows 2000, Windows XP, Windows Vista, and Windows 7.
