Bluestacks App Player enables you to enjoy many games and apps designed for Android OS run on your PC. Most of PCâ€™s run on Microsoft Windows operating systems and hence one can not run the asp built for Android to run on them. App Player released by BlueStacks, a Silicon Valley based company has released the program that allows the apps to run on your PC. The technology creates a virtualization layer that hosts the Android system required to run apps. There is no need to install the OS separately, which would call for the inconvenience of dual booting. The App Player can be installed as an executable program and launch it just like any other application on your PC. Then you are ready to run any Android app you wish to run without needing Android based tablets or smartphone devices. BlueStacks has come with many apps and games which can be run on your PC, once the App Player is installed. For example, you can enjoy the popular games like Doodle jump online and Cut the rope for pc.

Bluestacks has just come up with Doodle jump online for PC, and the Pro version will be made available in 2012. Doodle Jump was originally developed by Lima Sky compatible with many systems like Windows phone, iOS, Android, BlackBerry and Nokiaâ€™s Symbian. The game found immediate acceptance after its release and subsequently come up with many variations. The game revolves around the character called â€œDoodlerâ€•, which is a four legged creature floating in the free space, encountering variety of objects like rockets, jetpacks and propelled hats. The objective of the game is to guide the character without falling off the course. You will soon be engrossed in maneuvering over the unlimited space with stellar objects.

Cut the rope for pc is another interesting game you can enjoy by installing it as an app with the interface provided by BlueStacks App Player. This is a really interesting game of action-puzzle-physics genre. It is also highly challenging game with great entertainment. You can enjoy the game in short time span or engage in lengthy sessions. It offers you great challenge to your skill and thinking prowess!
