Each year, people all over the UK take part in charity events to raise money for a chosen cause, and sponsored skydiving is one of the most popular ways for people to drum up support for a certain charity. Those interested in sponsored skydiving should always make sure they only do their charity skydive with an experienced and skilled team, and should feel comfortable asking their sponsored skydiving instructor how many people they have helped to take part in the sport.

There are many companies who offer sponsored skydiving, but only a few offer the combination between affordably priced sponsored skydiving and an impeccable safety record, and here at Skydive Central we can help those interested in taking part in sponsored skydiving to find the right provider for their needs.

We have a wealth of experience in pairing people up with the right sponsored skydiving company, and all of our sponsored skydiving team can help any skydiver to find the perfect sponsored skydiving provider for their needs, whether they are taking part in a solo sponsored skydiving effort or going sponsored skydiving with a group.

Our sponsored skydiving options are varied and include solo, group, tandem, accelerated freefall and static line skydiving, ensuring that everyone coming to us for sponsored skydiving gets the option that is most suitable for their needs.
