Article published on June 23rd 2012 | Sports

Cobra irons are designer equipment for swinging high performance. The selection for men and ladies include left and right handed clubs. The popular designer has a collection of hybrids and drivers. Save over sixty percent on the 2007 and 2008 sets made of steel shafts. The 2007 set is rated a seven and the 2008 is rated 6 and 7 on various parts. A golfer can save over sixty percent on both models of iron sets.

Right hand ladies and men check out the 2009 and 2010 singles. Fairway Wood 2010 is in new condition and never used to hit a ball. It is brand new as a matter fact with the original head cover provided. The 2009 Fairway single for right handed ladies is reduced by 72%. There are approximately twenty single golf clubs for men and women. Cobra has numerous designs including the FSpeed, Baffler, and MSpeed.

The equipment including the head, shaft and grip are in different conditions. The parts may vary with excellent and very good head but fair shaft. There is equipment with a very good shaft but fair to good head.

Whatever the conditions, the customer may choose based on quality. The brand new Baffler Rail F 7WD is offered with a fifty-one percent. Other designs that are offered include SZ Hyper, S9-1M, and 440SZ. Golfers experience high performance swings and longevity with a Ping driver. The equipment is designed with quality material and technology. Designed by a professional, the brand is continuing to produce quality iron.

There are thirty-three clubs and sets in fair to mint clean conditions. There are six sets available including i5, G5 4-SW, Eye 2 Plus, i3, and G2. The 2006 menâ€™s right handed sets are made of genuine steel.

The 2004 i3 set has a fair head, good grip and steel metal shaft. The iron set is offered at a discount of more than seventy percent. 2003-SW is in fair and good conditions with savings of over 75%. The selection of drivers includes the 2007 right handed Rapture. All the parts are in good condition with the original head cover. A golfer can save sixty-seven percent off the suggested manufactured price.

The 2011 K15 is in fair and very good conditions with a savings of 46%. The newer and earlier models can save golfers up to 50% on selected designs. Golf clubs are expensive but very affordable if purchased pre-owned.
