For anyone that is considering a tandem skydive the only place to land is Skydive Central UK by Mary Porter

Article published on July 11th 2012 | Sports

---Are you an adrenaline junkie on the hunt for an activity to feed your craving? Have you tried downhill mountain-biking, snowboarding, big wave surfing, bungee jumping and parasailing, and are now looking for an activity that fulfils your need for speed? If so then the tandem skydive jumps at Skydive Central are just the activity for you.

Here at Skydive Central we operate from centres all across the UK. From Manchester to London, Birmingham to Cornwall, Skydive Central has a nationwide network of facilities where anyone that has designs on completing tandem skydive can fulfil their ambitions.

So, what are the principal advantages of a tandem skydive?

If youâ€™re looking for a thirteen thousand feet thrill, then a tandem skydive is just for you. The thrill of freefalling from such a height is an experience that cannot be matched by any other recreational experience.

The tandem skydive experiences that we can offer here at Skydive Central allow every participant the opportunity of a heart-pounding twenty five seconds of freefalling, safe in the knowledge that you are safely strapped to an experienced sky-diver. Travelling at one hundred and twenty miles an hour our tandem skydive experiences are the closest sensations that anyone may have to flying.

Once the canopy opens, and with the assistance of the tandem skydive instructor, you will steer and guide yourself to a smooth landing, whilst enjoying the beautiful scenery. Our additional services allow you the opportunity of a DVD recording of the whole experience. With a price of just seventy five pound to one hundred pounds, the recording can be arranged on the day, and will surely provide you with a great memento of the whole tandem skydive experience.

Should you like to contact us and discuss any aspect of the tandem skydive experience, or indeed to find out the cost of such an experience, then you need only come and visit us online at: www.skydivecentraluk.co.uk.
