Article published on December 6th 2011 | Sports

The bowling performance of the Indian team in the ongoing ODI series against West Indies reminds everyone the importance of cricket bowling machine as it is the most needed equipment for consistent performance. However, the usage of cricket bowling machine has been increased day by day and players should compulsorily use it for better performance. As bowling is considered the most important figure to have a good fight against strong opponent and hence selectors of Indian cricket team has given importance to recall Irfan Pathan to be included in the nest matches against West Indies as of now Indian team is not well performed in bowling. In the last match against India which was in Ahmedabad, West Indies scored high in the last few overs to make the total of 260 runs. Including Pathan in the team will help seam bowling to have a good attack against West Indies in the up-coming matches.

Recent performance of Pathan in the Ranji Trophy is very remarkable as he took 21 wickets in just three matches. Pathan said with regard to his inclusion in the Indian team, "I am really happy. I am really pleased that I have been given the opportunity and I want to make sure I take full advantage of it; make sure I do my best. I am able to share the news with them made the moment all the more special. The dream to play for the country has always been there. When it is fulfilled you feel nothing gets better than this. Having all the luxuries in life - having a big car, big house - nothing comes close to this."

Pathan further said, â€œMy current season could be even better than my breakthrough season in 2003-04. I am not only feeling fitter than ever, but I have learned to use the old ball much better. Be yourself. Be confident. Do what's best for you. At the end of the day, you need to go out there and perform. It makes every second of worthwhile. When you look back and you work hard and you get the chance, you feel lucky, you feel blessed. If you are getting set batsmen out with the old ball, it is most pleasing.â€•

It is for sure that Pathan has good ability to swing the ball rightly even Wasim Akram from Pakistan said earlier that Pathan's bowling is quite similar to him. Akram was the highest wicket taker until Murilidharan from Srilanka broke his record few years ago and his swing bowling is still remarkable to the cricket history. Pathan has the same ability to swing the ball and his inclusion to Indian team obviously brings a good hope to see his good performance.
