SkyCaddie SG5 is the latest and trendy handheld global positioning technology (GPS) golf range finder that is touted as one of the ideal rangefinders in golf. Developed by SkyGolf, SkyCaddie is available in six different models and SkyCaddie SG5 is the top of the line model. If you are thinking to purchase your very own professional caddy, SkyCaddie SG5 is the best option available in the market today.

How Does SkyCaddie SG5 Benefits Golfers?

SkyCaddie SG5 is a SkyCaddie with all the advanced features to make each golf rounds a pleasurable experience. This excellent digital rangefinder has 20-course storage capacity. SG5 helps the golfers to precisely know the distance to greens, the overall length of the course, bunkers and trouble areas, beginning and end of fairway etc. Being equipped with all the essential information you can have an edge over the game.

The SkyCaddie SG5 comes equipped with SkyGolfâ€™s patented IntelliGreen technology. This aids in allowing golfers all around the globe to gauge the full depth and profile of the green from different positions. The compact and smart devise features large and vivacious color display and a long-lasting drop-in lithium rechargeable battery. The automatic backlighting of the display guarantees trouble-free and legible view both indoors and outdoors. User can select the color theme of his preference. The tool is enclosed in a strong and water-resistant casing. The user-friendly equipment enables one-handed operation. The SkyCaddie SG5 comes in a very much condensed form to easily get fit inside your palm. Weighing only 5.5 Ounces, the devise offers firm grip. The easy to operate and nice to touch buttons make the action much easier. The unit is admired for its ability to work faultlessly. The 14 hours of battery life ensures uninterrupted operation.

With the advent of the advanced SkyCaddie SG5, golfers need not rely on undependable markers to know the exact yardage available to greens, to risks and to the front and back of bunkers. The revolutionary GPS technology is at your side helping you to get out of trouble and to decide exact positioning for the next shot. You need not be anxious about playing at a new course for the first time since SkyCaddie SG5,Skycaddie SGXW will equip you well about the distances, enable you to download the required courses and lets you know the up-to-date feedbacks. If you are seeking for an all comprehensive devise that will aid you in playing golf course confidently, SkyCaddie SG5 is the right answer.
