Article published on April 13th 2012 | Success

When the question of quality education comes into the picture all that matters is the holistic coverage of the child and that is what you are literally striving for. What is the factor to be looked upon, well there are several parameters. But the first and foremost is the good Education followed by the high moral and ethical conduct.

Yes, there is no dearth of private schools Australia who imparts the lesion of total development of your wobbly child, ready to take on the world. The front runners are there and among them Christian College in Geelong is in the foray for the best quality education, total development of the ward of yours and the moral education that makes your child to put a firm head on his or her shoulder forever. In years to come they will thank you and the education they were being given in this college will govern their decision on moral ground.

That is what every law abiding God fearing parents like you are looking for. If that is the thing, welcome to Geelong Christian college, your dream school that takes care of the child in every respect and moulds him to somewhat perfect true Christian and human being.

The schooling at this college starts at the age of 3. In the sprawling arras of the nursery and kindergarten in the William House at Belmont ushers the kids to shape their form. With the motto â€œseek ye the first the kingdom of Godâ€• the schooling begins and the child knows that the basis of his education lies on the strong foundation of all pervasive brotherhood of benign Christianity and he cannot do the wrong in days to come. The school in Australia teaches the same but Christian Geelong College offers something different.

After the play school and kindergarten assimilations are over, the time is now to go to the higher rungs of the ladder. The Geelong College, Belmont and Bellarine, there are two different campuses as well, in the nearby area offers the finest education among the schools in Australia, offers the sojourn till 12th standard. The kids are graduated to junior school at Belmont and Bellarine and studied there till 4th standard. Their junior school is being passed under proper care and the true Christian lesion of morality. The formative stages are of prime importance and the authority literally takes no chances for that. The Middle school is being operated in two campuses.

There are few private schools Australia left with so much of campus area indeed. These are Highton and Bellarine. The Senior School is being operated from Bellarine and Highton campuses.
