365 Technical Plantâ€™s heating maintenance is as affordable as it is comprehensive by Mary Porter

Article published on June 17th 2012 | Technology

365 Technical Plant Services is a reputable commercial and industrial heating maintenance and boiler repair service with a reputation for providing a thorough attention to detail that all of our clients continually benefit from.

Whether you require heating maintenance, boiler maintenance or any form of repairs then here at 365 Technical Services weâ€™re sure to provide you with a level of service that wonâ€™t be matched.

In addition to the heating maintenance services that we offer we also undertake planned air conditioning installation, repair and maintenance services for all industrial and commercial premises. All of the engineers that we employ are all Gas Safe registered. We can provide a complete programme of servicing for all manner of appliances, and whether you require boiler or heating maintenance, or all manner of air conditioning servicing or installation, you can rest assured that the work will be completed in a timely manner with a minimum of disruption to you.

Here at 365 Technical Plant Services we specialise in the providing heating and boiler maintenance for leading brands like Ambirad, Keston Boiler, NuWay and even Powrmatic and Radiant Heating. The heating maintenance that we provide consists completing maintenance schedules. This process results in both improved efficiency, and will also reduce the likelihood of unforeseen plant or system failures.

The structured heating maintenance schedules that we design on your behalf benefit our customers in a number of ways. Firstly, our dedicated service means that we will contact you when a service is due, secondly as part of our comprehensive heating maintenance servicing we will organise for the provision of full service history records, and thirdly we will prioritise each customer in the event of a sudden breakdown with our twenty four hour emergency response cover.

If youâ€™d like to find out any more information about the boiler or heating maintenance services that we offer, or indeed any other services such as air conditioning installation or maintenance, then you need only come and visit us online at: www.365technicalplantservices.co.uk.
