iPhone 4 is known for its capability to serve every need of yours. It is one of the most prized possessions of yours and also one of the best items to gift to someone very close to you. This latest invention works the best if you can team it up with some accessories, known as the iPhone 4 accessories. These accessories will enable your phone to do more and will make you wonder about the stages where science can reach. If you have some of your known one as an iPhone fanatic, then just buy some, all or at least one of the accessories to delight them to the zenith. This article will tell you something about the accessories which you can buy to deck up your phone.

The first of the famous iPhone 4 accessories is the Zisound D5. This is a set of speakers, which not only delivers a fantastic sound but also comes with great stereo separation and rich tones. The build quality is great and includes a touch sensitive volume control. It can also work over Bluetooth. With this accessory you can travel up to a distance of 10 m, with your phone, enjoying an uninterrupted audio. The next in the list would be the Opera S5 and the KLEER digital wireless earphones. They are capable of delivering better wireless audio quality comparable to the quality of the CDs. The earphone has all the controls like volume, forward, back, pause and much more. These are provided with long lasting batteries as well. Third is the Apple iPhone bumpers. These protect the edges of the iPhone from wear and tear and also look after the reception problems. The next wonders are the Aliph Jawbone ICON Ace Bluetooth Headset and the IDAPT i4
