Article published on January 10th 2012 | Technology

HP Laserjet printers use electro-photographic laser marking engines. These are sourced from a Japanese company named Canon. Most of the early Laserjet printers used firmware, electronic controllers, drivers and software developed by Hp. This is an added feature in HP Laserjet printers.

Why laserjet printer?

HP is been in the market for more than 25 years. The experience that it holds helps it to be the leading company in print technology. The innovations brought in by HP, helps you to save money and time. This allows you to have a good business relationship with the company. Furthermore, you can get most out of your technology investments and thereby achieve better business results.

Now, letâ€™s look into the features of the new Laserjet printer introduced by HP in the market. This particular printer has a great printing speed. It can print 14 pages per minute. The scanning function of this Laserjet printer is really very impressive. While scanning it can reduce up to 25% and increase the size up to 400%. The good thing about this printer is that, you can put a stop to noise pollution. Moreover, it saves you time and printing cost. With this printer, you will be able to scan as well print your documents efficiently.

Well, the name of this printer is HP Laserjet M1005 MFP. This is an amazing product introduced by HP. It is very compact and efficient enough to print all your documents quickly. If you compare HP Laserjet M1005 MFP with dot-matrix or inkjet printers, you will find that this is inexpensive compare to the other two. The inkjet and dot-matrix printers from HP used to take a lot of space and time to print the documents. Moreover, the noise from these printers was high. This was not the case of HP Laserjet M1005 MFP. The HP Laserjet M1005 MFP price is also low for its efficiency and speed. This seems to be more economical and useful than the previous innovations of HP.

The specification and features of HP Laserjet M1005 MFP Laser include various size pages, 14 pages / minute, 1200 dpi dpi scanner, USB, PC/Mac, 25-400 percent. You can also read through HP Laserjet M1005 MFP Reviews online. This will give you a clear picture of the working of this printer.
